Dear Sir/Madam

I write regarding the proposed boundary changes to the Fermoy electoral area and especially the parish of Ballyhea.

As a life long resident of the parish I find it hard to believe someone thinks it advisable to split the smallest parish in Cork in to 3 electoral area's giving the 1000 residents over 12 councillors to interact with

As a small parish we band together work together and unite to foster a community spirit to often beat much bigger rival's in sport culture and politics

We beg you to reconsider your decision to keep us together politically so we can fight for our future

Thanking you

Tom O Regan
Ballyhea Community Council
