To whom it concerns,

I wish to make a submission in relation to the local boundary review which is due to take place. I was co-opted to Limerick City and County Council for the Adare / Rathkeale electoral area in June 2016 following the successful election of Deputy Tom Neville to Dáil Éireann.

Since that period I have been engaging with my electorate on many wide ranging and diverse issues. The people who I have met through clinics and canvasses etc... would feel very let down and even more confused if the boundaries were to change we have a local area stretching from Loughill as far as Ballybricken and Pallaskenry as far as Croom, I find myself in a position where only now my electorate are getting familiar with their local authority members and to make any change to this would cause chaos and major confusion.

People in the past have been left down over boundary reviews and changes. I urge you to please don't make a fatal mistake again in causing more anger among the public. If I can be of any further assistance please don't hesitate to contact me I feel that any information gathered from local Councillors should be held with high regard after all we are the people who engage in local politics and therefore I feel we are best placed to speak on behalf of the public and the electorate we represent...

Regards,

Cllr. Adam Teskey.
