Dear Madam,

I write regards the boundary review and more particularly regarding Castleisland Town which has been moved from pillar to post over the last number of local elections also its entire parish hasn't ever been included in an electoral area as one.

I urge the committee to include the entire Castleisland Parish (Castleisland, Cordal, Derren, Carker, Scartaglin, Crinny, Killmuray, Mount Eagle and Lackabaun) in one electoral area more particularly in the Tralee Municipal District which it is more closely aligned both culturally and economically.

Killarney Municipal District would then be a lot smaller and would work better for the Killarney and East Kerry area as a seven seater Municipal District on it own.

I attach option 6 prepared by which is the option I agree with most.

Regards

Cllr Bobby O'Connell
