

9th. May 2018

Dear Sirs,

My name is Nancy Horan and I have been living in the Parish of Tracton for over 30 years. I am a member of Tracton Community Council and Tracton Athletic Club. I am also very involved in business in the Carrigaline/Tracton area.

I would like to stress the importance of putting Carrigaline, Crosshaven, Ballygarvan and the whole area of Tracton in one municipal district. I believe that all of the Parish needs to be kept together. I think for the Community it is very important to deal with one municipal district and one set of Councillors. We are currently in the Bandon/Kinsale district even though the area would be more associated with Carrigaline.

We have a strong, vibrant Community here in Tracton and I feel it is very important that it is united for Council applications and dealing with public representatives.

I trust you will look at my submission positively.

Regards,

Nancy Horan
